AR

ANDREA RIVERA
WEB DEVELOPER

Profile

I am a web development graduate looking for opportunities as a Front-End developer also with an interest in the Back-end. I am transitioning from the electronics to the software industry where I can continue automating processes and creating interesting apps.

EXPERIENCE

INTERN
MVP STUDIO (Remote)
Feb 2020 - June 2020

- Manage REST-API and ASP.NET Core WebApi to obtain data from APIs to use in our applications.
- Familiarize and use Azure Cloud for publishing Web Applications.
- Modify the Front-End applications using React and Semantic UI.

INTERN
NoiseNet Pty Ltd (Brisbane)
Nov 2018 - Feb 2019

- Assist in the device design, software upgrades, and improvements over the manufacturing process.
- Collaborate and gain an overview of AWS. Using services like S3, and Lambda functions.

ELECTRONICS ASSEMBLER
Cochlear Limited (Brisbane)
Oct 2014- Jun 2017

- Recommend and document process improvements (including but not limited to manufacturing equipment and assembly methods).
- Interpret and follow drawings, diagrams, specifications, and work instructions.
- Soldering components and wiring cables for different products.
